FOLD YOUR FIRST ADVENTURE

Every adventure begins with one little fold

Don't worry
if your first
fold is
crooked.

Paper
airplanes
don't care
about
perfection.

The best
adventures
usually
begin with
"What if?"

Somewhere
amazing is
waiting.

CURIOSITY
FUEL

If it
crashes...
decorate it
and try
again.

You made
something.

That's how
adventures
start.

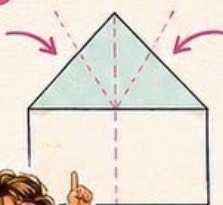

HOW TO FOLD YOUR PAPER AIRPLANE

1 FOLD IN HALF

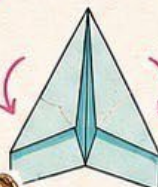

You're already
halfway to
somewhere new.

2 FOLD THE CORNERS

Crooked is
still flying.

3 FOLD THE WINGS

Every airplane
has its own
personality.

4 TAKE A DEEP BREATH...

THROW!

Let's see
where it goes!

A NOTE FROM PENNY

There are no wrong flights.
Only lessons, giggles, and
new ideas.

Keep folding.
Keep wondering.
Keep going.

P.S. Every explorer
starts exactly
where you are.
